Flag: Follow up

Hi Katherine,

I hope you are doing well. Just wondering when the next round of properties will be available and when EPA will commence remediation efforts in the Zoned 2 areas? Please note that we have commenced Phase II of the service line replacement project in the Zone 2 area as of November 2018.

Thank you... Happy Holiday to you and yours!

Winna Guzman, Director
 East Chicago Water Department

Subject: LSLR: EPA Property Completion Update

Hi Winna,

Additional properties that have come off the sod maintenance period in Zone 3 are below. The spreadsheet attached has the contact information for the property owners. Recent properties are marked in dark blue, and all properties ready for LSLR are in light blue.

Personal Address / Ex. 6

Personal Address / Ex. 6

Please let me know if you have any questions. Have a good weekend!

Best regards,
Kat

Katherine,

Can we proceed with Personal Address / Ex. 6?

Hi Winna,

Additional properties that have come off the sod maintenance period are below. The partner data viewer was updated on Friday to show all properties ready for LSLR as of 9/28/18, and PDF attached had the contact information for the property owners.

Priority property: Personal Address / Ex. 6 (has a leaking service line that requires sump to pump continuously)

Personal Address / Ex. 6

Personal Address / Ex. 6

Please let me know if you have any questions.

Thanks!
Kat

Subject: RE: LSLR: EPA Property Completion

Hi Katherine,

Personal Address / Ex. 6 is a City owned Parcel as of recent days. Is this property completed? Also, are there any additional properties (back yard remediation only) that we can move forward on with the service line replacement? Thank you, as always...

Hi Winna,

EPA completed remediation and the sod maintenance period at the following properties in Zone 3 (East Calumet) between 8/20 and 9/4:

Personal Address / Ex. 6

Attached is a file showing contact information and water meter location at these properties. I also added a column for backyard only properties and highlighted the properties ready for lead service line replacement. The contractor for Zone 3 will be updating the Viewer this Friday (it was not updated last week).

Let me know if you have any questions.

Thank you!
Kat

Subject: LSLR: EPA Property Completion

Hi Winna,

EPA has completed remediation and the sod maintenance period at the following properties in East Calumet (Zone 3):

Personal Address / Ex. 6

Contact information and the water meter location for these properties is attached. As properties complete the sod maintenance period, EPA is conducting post-construction meetings with residents. Moving forward, I will provide weekly

updates with properties where the post-construction meeting has been completed with the property owner. The online partner viewer will be updated with this information on Fridays (these properties have not been input into the online viewer yet). Please let me know if you have any questions.

Thank you,
Kat
